On behalf of the children's lives we would like to thank you for helping us help the *The House of Charity*. These programs include providing education, as well as medical and surgical care, to children with limited access to the level of care needed for them to lead healthy, normal lives. It will also help to sponsor medical missions. These missions provide free surgical care for suffering children, as well as necessary medical equipment and supplies for charitable hospitals. If the treatment is not available in their country, *The House of Charity* works to bring that child to the United States so that they can receive the precious gift of health and life that they otherwise would not and could not receive. None of this would be possible without the kind support from people like you. Together we are making a difference!

Yes! I would like to help and give child a second chance at life
